Jane,

I have left a message for Maya to give me a call to gain more information. I will let you know more once I have spoken with her. Thanks!

Alison,

I will have Jamaica contact Maya for clarification. We can't do one check, we all have different accounts in our respective departments.

Jamaica,

Please call Maya and find out what other departments want to participate. I am in the Finance workshop and I really need to understand the whole picture to ensure we understand what she wants and she understands our process.

This is priority. Thanks!

Hi there, Alison!

Were you able to check in with CoH about being a vendor for Friday? I'd like to follow up with them, but wanted to follow up with you first. Also, Public Health and some other departments wanted to participate, too. Can I ask one dept. to write one check instead of a fee for each of them?

Thanks!

M.

Maya,

Thanks for getting back to us. Unfortunately due to our budget constraints we aren't going to be able to be a participating vendor participant at the upcoming TWEF Job Fair. Thanks again for sending over this information and I hope the Fair is a huge success!

Good afternoon, Jamaica and

Jane

.

My name is Maya Ford. I'm a member of

the Mayor's

Executive Transition Team and I'm rallying the charge for an upcoming job fair he's chairing.

I was told to reach out to you about

being a vendor at the Texas Women's Empowerment Foundation's (TWEF) Job Fair on Friday, October 7

.

In addition to having qualified candidates, there is a media buy with 102.1, 93.7, and 90.7 that will include the vendors. Many businesses are already on board, and we've got

a few

spaces left.

Please see the attached flyer and registration form for the event. I'm eager to

show the Mayor's

support

and

learn more about

what your needs

are

for workforce development.

Thanks for your support!

Honored to serve,

Maya.
